Certifications | Internships

Geekster | Geekster Coding Bootcamp
- Solved 200+ DSA/Coding questions on Geekster platform and 200+ on Leetcode.
- Received 5 stars on HackerRank in Java and Problem Solving, 4 stars in Sql.
- Developed functional APIs such as Restaurant Management, DoctorsApp, InstagramInspired Application etc.
- Proficient in technical skills such as **Java, Spring Boot, Hibernate, Rest APIs, AWS-EC2** and **SQL, HTML.**
- Completed certification programs in SQL and Git organised by Geekster, demonstrating a commitment to continuous learning and professional development.

Projects

Instagram Inspired API[_Github Link_] [Live]
- Instagram Inspired Application API is a web service where a user can create account using basic details, track followers, create post, like and comments on post, the admin can provide bluetick to user and can block user,
- Key Features**:** Implemented security measures, including validations, to ensure application safety. Enabled admins to perform CRUD operations on the User. Leveraged JPA with Hibernate to connect to a MySQL database, enabling seamless data interaction.Deployed the application on AWS EC2 for high performance and scalability.
- Tech Stack: **Java, Spring Boot, MVC Architecture, MySQL, AWS EC2, Git version control.**

Ecommerce Application API [_Github Link_]
- An ecommerce application REST API is a web service where we can create users, manage products, manage orders by performing operations such as creating, updating, retrieving, and deleting users and products. The Spring Boot framework is a popular choice for building RESTful web services due to its ease of use, robustness, and scalability..
- Key Features: Ecommerce Application API built on the Spring Boot framework boasts key features such as create user, add products, and place an order. CRUD operations to manage order details of a particular user.
- Tech Stack: **Java, Spring Boot, SQL, Postman,Swagger**

Skills

- **Computer Language** : Java, SQL, HTML
- **Frameworks / Libraries** : Spring Boot, Hibernate
- **Additional Courses** : Data Structure and Algorithms, OOPs
- **Tools & Technologies** : Git, IntelliJ IDEA, Postman, AWS EC-2, ChatGPT, GitHub,VS Code

Education

Year	Degree/Examination	Institution/ Board	Percentage
2022	B.Tech	AKTU	76.40%
2019	Diploma	BTE, Lko	72.00%
2017	12th	CBSE	72.08%
2015	10th	CBSE	89.30&

Achievements and Co-Curricular Activities

- Certified in Java 5 days Boot Camp organised by LetsUpgrade in collaboration with NSDC.
- Certified in SQL by Geekster and HackerRank (Basic).
- Certified in Masterclass on 'Learn SQL from Scratch' by AccioJob
- Attended Soft Skills sessions held by TCS and Geekster
